youth connections

are you
at school but having trouble
or thinking about leaving?

are you
at risk of being expelled or
have left school within the
last few months?

or have you
been out of school, training or
employment for awhile and not
completed Yr 12?

If you said **yes** to any of the above and are between 13 -19 years old and live within the **Monash, Manningham** or **Whitehorse** areas this program could be the start of something new and better for you!

WHAT WE CAN DO TO HELP YOU:

Youth Connections is a program aimed at assisting you to achieve your goals by helping you to reconnect with education, training or link you with employment support pathways.

We listen to **what you want** out of life and work out a plan to help you achieve those goals.

HOW DO WE DO IT?

We hang out and spend time getting to know you. We try and help you sort out whatever problems you are facing such as low self esteem, low literacy or numeracy skills, family issues or bullying.

We have cool group activities to help you meet people and we give you information you need to help you succeed!

CONTACT US:
